

## Volunteer Opportunities as an Individual or Group

### **Adopt-A-Program**

Make a commitment to a program of your choice on a seasonal basis. Consistency is important to the participants within our programs. Seeing the same face on a weekly basis is not only important for their routines and behavior but they also look forward to seeing those individuals that assist them and help to make the program they are at successful. Programs run on a seasonal basis for 6-8 week periods of time. Some are offered year round, four times a year, while others may be offered once or twice a year. Get to know the participants you help out and develop relationships with them.

### **One Time Shot**

Looking to make a short-term commitment but you don't have a lot of time or a flexible schedule? The RECing Crew has a variety of programs and annual events in which we look for individual and/or large numbers of volunteers to help. We arrange these activities in advance and are posted on the calendar of our website: [www.therecingcrew.com](http://www.therecingcrew.com) . Feel free to check this calendar with your schedule to determine what will work best for you. Examples:

- Bowling
- Baseball/Basketball
- Crew Idol
- Annual Christmas Party
- Sweet Celebrations
- Special Events & Dances
- Community Fundraising Events
- Create & Sponsor your own Event

### **Volunteer for Fundraising**

On a variety of occasions, The RECing Crew seeks volunteers for different events within the community. Many of these events allow us to share information about The RECing Crew while raising funds for our programs. Such events include Sparkle Car Wash, Chick-fil-A Fundraisers, Ironman Competition, and Sweet Celebrations. This is a great opportunity for service clubs and other various organizations to volunteer and at some events the number of volunteers that we provide often dictates the amount of donation we will receive.

### **Talent Based**

Do you happen to have a special skill or talent that you would like to share with us?

Sometimes people have the skills to help us move forward that we are unaware of or it may be a matter of knowing the right people. Below are some possibly examples:

- Artist & Musician
- Fundraising
- Photography
- Marketing & Advertising
- Website Design
- Corporate Sponsorship
